

OAC Actuaries and Consultants

We make it our business to understand friendly societies. Whether it's through regular industry updates, or through specific support, we are here to give you clear, focussed and comprehensive advice.

We provide:

- AFH and WPA roles;
- Solvency 2 and risk management support;
- a comprehensive actuarial function;
- financial modelling capability via Mo.net®;
- advice on business transfers including independent expert;
- short and long term resourcing; and
- compliance, complaint handling and internal audit services.

Find out how your business can benefit from our unique and award-winning working approach.
